

A close-up photograph of a person's face, heavily made up to resemble a lion. The person is wearing a large, shaggy, golden-brown lion's mane wig. Their face is painted with dark brown and black makeup to create a fierce, feline expression. The eyes are painted a deep brown, and the nose is a light, fleshy color with small dark spots. The mouth is slightly open, showing a row of white, pointed teeth. The background is a soft, out-of-focus light brown.
