

## Directions for use

### EYEBROW FIXER

#### Eyebrow Fixer

Grimas Eyebrow Fixer is a strong fixing, transparent liquid used to model the eyebrows and keep them in shape.

#### Procedure

**Do not use near the eyes.**

If you wish you can touch up the colour of the eyebrows first with Grimas Eyeshadow/Rouge or a make-up pencil in a suitable shade. You can also mix the Eye Shadow/Rouge with the Eyebrow Fixer on a spatula.

Use the brush to apply a thin layer of Eyebrow Fixer to the eyebrows. Use the brush to fix the hairs in the right direction. You can repeat the process several times, each time only using a little of the product.

#### Removal

You remove Eyebrow Fixer with Grimas Cleansing Cream, Cleansing Milk or Cleansing Lotion. You can also use remove the Eyebrow Fixer with water and a mild soap (for example while showering).

## Safety information

### EYEBROW FIXER

#### Eyebrow Fixer

3 ml

< is less than.

## Dermatological declaration

### EYEBROW FIXER Eyebrow Fixer

In the dermatological declaration one can read the following:  
The products have been dermatologically tested for 24, 48 and 72 hours on 30 persons with healthy skin. No irritation occurred.

#### CONCLUSIONS

Under the conditions of this test we found no evidence of primary irritation or allergic hypersensitivity.

None of the thirty patch-tests resulted in positive reactions after 24, 48 and 72 hours.

The investigating specialist for dermatology and allergology considers this test-product safe for use.

Dr.med.Werner Voß
